BUILDING MATERIALS

MACON

One step ahead!

Product Catalog

MACON is well known as one of the most trustworthy distributors of modern construction materials in Europe and the East Mediterranean region.

In a world rapidly evolving in construction and building products,

MACON always stays up-to-date.

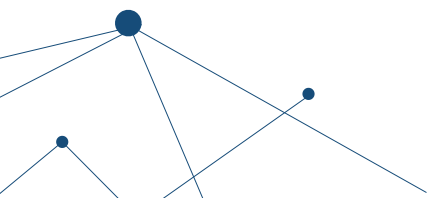

We scout for new and advanced products in every construction-related field of technology, from basement waterproofing to green roofs.

Over the years, we have built our international distribution network to meet the ever-expanding export clientele's needs.

Cooperating mainly with European producers, we deliver full trucks and containers to the Middle East, Africa and Europe.

We offer our clients prime quality products at competitive prices, based on our solid logistics infrastructure (an all covered 15.000m² center) and we enjoy the confidence of the world's leading industries.

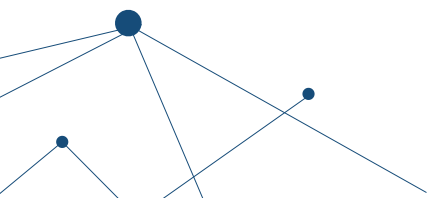

MACON architects and civil engineers are there to guide you and support you at all times.
